I am induced by a sense of duty to those afflicted, as I have been, to make my oase known, and recommend your Balsam as a medicine that can be relied on about a year since I was attacked with Lung Yever, which let my lungs much diveased; my could was distressing, attended with pain in my lett side. I had seen Wistar's Balsam of wild Cherry puffed up in the papere, and I concluded to try it. I used bottle after bettle, which, in taste and in its operation, resembled paregoric—soothing iemporarily. My disease had by the time become firmly seated. I had cold night sweats, hectio fevers, swelling of the limbs, &o., showing countimed Consemption. The remedice I obtained from my puysican also asiled giving me permanent relief or behelt—my lungs now ulcerate, and I raised large quantities of matter from them. The Doctor tool my fairness that I must had went to the spot—to the very seat of my disease. Every business man owes it to himself to increase his business as much as possible, and the best way to accomplish that end, is to ad vertise in the Democrat, which is universally read in the city and country.

We see that the editor of the Journal is still exercising himself in the interpretation of ecclesiastical formularies. He knows exactly wha: the oath of a Catholic Bishop means, and is infallible in the interpretation of it. In fact, he knows all about the matter better than Bishops of the church who take the oath, and probably better than the Pope himself. We congratulate him on his powers of infallible interpretation, which enable him to expose to the dignitaries of the Catholie Church the bearings of the ohligation they take when they assume their high offices. They will not ops of the Catholio Church don't appreciate the full extent of the obligation they all take. After for that office. assuming them, they still hold strennonsly to their allegiance to the government, and are so dull as not to see any incompatibility between the obligations to their church and to the State. Pope Prentice tells them better; he would enlighted their darkness. He expounds to them grammatically, ecolesiastically, and logically, the deep and hidden meaning of their church formularies, which they, unfortunately, don't comprehend.

It is a fact, too, that Protestant ministers-Epis copal, Methodist, and Presbyterian - formally assume obligations which we doubt if they correctly understand. They enght to defer to the high ecclesiastical personage, Pope George I. of the Jonraal, and get him to expound to them the full bearings of their oaths or p'edges. It would perhaps be better to employ him at once to revise these old formularies, and fix all the nicetics of expression, and expound in a learned commentary the meaning, grammatical, logisal, civil, and ecclestartical, and to avoid all mistakes, appoint him Grand Confessor General, that he may make an accurate application of the oath to each one's conscience, as doubtful questions may arise.

Prentice is an individual of great ecclesiastical accumen. He knows the difference, he does, between Protestant and Catholic ministers, and exponnds after this fashion:

Protectant ministers are merely embaseadors of Christ and proclaimers of Christ's gospel. Ca'holic priests as the te'm importal are sarkholal mediators between dod and men in the language of the Catech am of

trated by that spiritual and exclosization luminary, the editor of the Lonisville Journal. The precise difference between an embassador and a representative common folks may not perceive, but Pope George I, no doubt sees, if he doesn't here elearly expound. Besides, the Preshyterian Church teaches that her officers have power "to retain and remlt sins;" and we should like to know the nice hat important distinction between this power and that claimed in the Catholic Church. Will Pope George I. exercise himself a little on this point, for the edification of the rest of mankind?

But we should like to know what the emissaries of the Know-Nothing conspiracy mean hy waging war upon the Pops here in Kentneky? He is no more dangerous here than he was in Philadelphia at the last Know-Nothing Conneil, and that hody admitted Catholles into full fellowship by a decided majority. Let all Protestants note this fact. They have heard and read all this stuff against Catholies before, but no sooner did the brethren get away from home to the other side of the mountaine, than they sold out to the Pope, body and breeches-forgot all their Protestantism, the horrible coolesiastical caths-and shook hands in holy hrotherhood with the "potentates" of the Pope, as Gilliss calls the Catholics. After this act of the National Council, one would think that a Know-Nothing with ordinary sensibility to shame, would never say Pope again whilst he lived. To prescribe, denounce, and execrate Catholics : then receive them into the Sanhedrim and connect with them in full fellowship; ther come home and fall to denonnoing and execrating again, is a sort of conduct that anybody but a Protestant who can't see through such transparent hypocriey ought to have a gnardian. If he is really apprehensive of the power of the Pope, let him help the Know-Nothings; and after they have gotten his assistance, they will sell him out to the Man of Sln again, as they did at Philadelphia last February. We understand this knavery here in Kentnoky. The Know-Nothings have but this one string to play upon-Anti-Popery; and they expect to save the State by this guil-trap to catch Protestants; and they think Protestants are just such gulls as to be caught, after the treach ery at Philadelphia, known and read of all men.

Intelligent Protestants must feel a contempt and scorn for the demagogues who dare attempt to pander to their prejudices to get their votes after the transaction at Philadelphia. If the Cathelle Bishop's oath is so monstrons as Pope George I. pretends, and Catholics owe allegiance to a foreign prince, and are therefore unfit to hold office, why were they taken into full fellowship by the Know-Nothing Conneil at Philadelphia? How came they fit to aid in declding who should be President and Vice President? How came they to be proper and fit counsellors in fixing the creed, and distributing out the highest offices in the country? How is it that Catholics are but miser. able subjects of the Pope here in Kentucky, whilst they are good patriotic Know-Nothings as soon as they get to Philadelphia? How is it that Bishop's on the are terrible things here, and that all the terrors vanish on the other side of the Alleghanice? How is it that columns of comments on that oath are read here by gaping Know-Nothings, whilst these same comments are laughed at and spurned by the brothron of the same party in Louisiana? Let Pope George I. send his commente to the majority of his own brothren, and convert them from the grievous sin of fellowshiping these subjects of a foreign prince, before he undertakes again to set his gull-trap for Protes tants here in

Odd Enough these Times. The City Council of New York lately voted \$2,000 additional salary to Flagg, the City Comp troller, and what response do you suppose the said Flagg made to their action? Who can guess? He flatly refused the money, on the ground that he will accept no more than the sum stipulated when he took the office !!!! Fast men contend that there is not such an act of folly on record.

The Chancellorship.

At length we are furnished with the much Keow-Nothings, who addressed him on the sub parties in this city, and deeply astonished and cares nothing at all about him mortified many of the Judge's oldest and best friends. Its contents were pretty faithfully reported soon after it was written, and were generally considered disreputable to its anthor, and anworthy of the personal and official position he

The Judge says that his letter would have been surrendered at any time, if any friend had asked him for it. He knew that his letter had been the occasion of considerable excitement in the city of the Mississippi. Our terms are moderate to lapse of many days, he addressed an explanatory credited to the same individual. We have crossed was the sole thing the public desired to see.

If not so designed by Mr. Monroe, we think the onhlic will, ander the circumstances, be very apt to regard it in that light. The letter of the Judge was not published when every consideration of instice to the people, and respect for his own character for frankness, required that it should be, and it is brought ont now, simultaneously with a movement just began, as stated by the fail to profit by the experitions of such agenins. The Anti-Know-Nothing party of Louisville had no wish " to assail the purity of character' or ability of Judge Pirtle, and have not done so out it seems the Know-Nothings had no such sorn ples. They have "damned him with faint praise." They pretended to acknowledge his "ability," purity," "integrity," and "conscientiousness," but when it came to nominating him for Cnancel or, all his " purity," etc., could not save him from the Know-Nothing Third Degree rate. This laid him on the shelf with as Ilttle coremony as a dairy woman would a broken crock. The action of this Nominating Convention had its weight with honest men-did more to brand Judge Pirtle as unworthy the office, than all "the Sag-Nicht slan-

DISTRESSING SUICIDE.-A man named lumble committed suicide, in the jail of this town, on Monday night last, by hanging. The particulars of this sad affair are about as follows: ife had been insane several days previous to his death, and was brought to town on Monday night and confined in jail to await the action of a jury in his case. He was found by the jailor, on Tnesday morning, suspended from the top of his cell door having hung himself during the night hy mean

The physicians were in attendance, and stated that such a conrect in their opinion would not be attended with danger to the wounded men. The proposition was objected to on the part of the defense by Mr. Webtser, who stated it would not be showing the prisoners a fair chance, as the state of the patients would for-bid a cross-examination on the defendants—there was nothing in the books or code authorising such a projecture. One of the physicians stated that Mr. Harvey had said he did not know a single man. Mr. Fisk said there were a number of procedents for such a course, and he was astonished the attorneys for the defense objected to it. Edward H. Pnelps and A. D. He remarked, when the first trio were brought in, that they had changed their clothing. In the second trio he identified one by the name of Geigle as one who was at him; judged so from the appearance of the man. After one or two other sets had been introduced, without Mr. Harveytheing able to identify any of the men, he manifested considerable exhaustion, when it was concluded to defer the idenany of the men, he manifested considerable ex-hanstion, when it was concluded to defer the iden-tification, and proceed to the house of Mr. Butts. During the examination by Harvey of those who were hrought tefore him, he appeared in the best of spirits, and made frequent remarks, snoh as the following:

"I consider them all equally guilty; those who didn't strike me wanted to get at me."

SPECIAL NOTICES.

To the Public

OF THE UNITED STATES As advertisement of Mr. UDOLPHO WOLFE, lately ablished, as I suppose, for the protection of his Schie iam Schnapps against conuterfeiters, has come under my observation; and, being sugaged in the manufac-ture of Schiedam Schnapps, were I to let it pass without notice, I might be considered among those he denominates "Pirates and Venders of Poison." But the immouse patronage and success that has attended the sale of the article manufactured by me, and the opinion of competent judges as to its qualities as a beverage and ts medicinal virtues, precinces the possibility of the tdeathat I am included among those he designs to impugn. No doubt he feels aggrieved at the depreciation of the sale of his Schnspps, which is manifest to all, since mine has been brought into competition with his. Ant only have I succeeded in competing with him quality, but the constant and increasing demand for my article will soon satisfy him that his eanilon to the citiseus of the "Southern and Western States" will avail him nothing as far as I am concerned. The character of my Schiedam Schuapps is too well established in those States to be injured by any such invidious publication. The motive of his advertisement is obvious to every one, and feeling well satisfied that all such missiles thrown at me by him will fall harmless at my feet, I will here, for the satisfaction of the public, publish my Copy Right, entered in the Southern Disriot of New York. on the 28th of December, 1854 (COPY RIGHT.)

GOPY RIGHT.)

Botthern bistrict of New York, ss.

Be it remembered, That on the twenty-eighth day of ecember, Anno Domini 1854, Barnard L. Simpson, o'he said bistriet, hath deposited in this offics the ritle of a print or label, the title of which lain the words following, to-wit: "Barnard L. Simpson's Aromatic Schiedam Juniper Schnappe, a superior Tonle Anti-Dyspeptic thrigorating Cordial," the right whereof he ciaims author and proprietor, in conformity with an act of Jongress, entitled "An act to amend the several act of Jongress, entitled "An act to amend the several acceptance of Proprietors of GEU. W. MOETUN,

Clerk of the Sonthern District of New York.

The word Schiedam Schuapps is derived from a Lown.

The word Schiedam Schuapps is derived from a town is licitand, called "Skiedam," which is celebrated as a place of extensive juniper plantations and numerous listilleriesofthe above article, which has been known as Schnapps" for centuries.

Does it not appear, now, poor and deceitful for U. W. to attempt to make a wrong and untrue impression on the public hy asserting that the name "Schiedam Schnappe" belongs exclusively to his article, and that all others are counterfeits and impositions? U. W. has no monopoly, and no more right for the spleimportation of Schledam Schnapps than anybody else, and he may rest assured that I shall be the last to ubmit to his najnstifiable pretousions. The great and lucreasing demand for my Genniue

Schiedam Schnapps in Louisville, and throughout Ken-zicky, has induced me to appoint Messrs. Clask & Johnson, Wholesale Druggists, No. 509 Main street, as ny agents for supplying the trade at my regular prices, and they will always be furnished with a full stock of oth quarts and pints, safely packed, in good shipping

I take pleasure ou this occasion to tender my sincere thanks to the public in general, and to my friends in particular, for the kind liberality with which they have patronized me from my commencement of this enterrise, and I assure them that I shall continue to procidethem always with a gennine and superior article of Schiedam Schnappe. B. L. SIMPSON.

Schiedam Aromatic Schnapps. This celebrated medicinal beverage is manufactured at the factory of the undersigned, at Schiedam, Holand. He is the sole importer, as well as the exclusive nannfacturer of the article; and no preparation bearug the name of "Schuapps," that is not procured atherfrom his establishment in New York, or from his gents in other cities, is geunine and reliable.

It is made from barley of the finest quality, selected with great eare from the products of the most celebraed grain-growing districts; is flavored with the essent of the aromatic Juniper Berry of Italy, and is rectified ny a peculiar process, which expels from the spiri very acrid particle.

As a means of preventing and correcting the disa-creeable and often dangerous effects produced upon he stomach audbowals by a change of water—a visita-ion to which travelers, new settlers, aud all nnacclinated persons in the west, the south, and southwes: are peculiarly liable—the Schiedam Aromatic Sohnappe will be found absolutely infallible; while, in cases of tropsy, gravel, obstruction of the kidneys, diseases of the bladder, dyspepsia, and general dehility, it is recommended most emphatically by the most distinuished members of the medical profession. It is put up in quart and pint bottles, in cases of one iosen, with the name of the undersigned on the bottle

Dr. Price's Chronic Specific. HIS REMEDY CERTAINLY has more efficacy than any remedy ever offered to the afflicted. This cannot be successfully controvered, as the evidence in its favor is so strong and weighty. We will not give a long array of certificates. We will give but few, and those shall be from gentlemen high in standing and wiedly known, such as Hon. J. R. Underwood, Rev. Wm. L. Breckinridge, Judge empty. L. Loving, Dr. Haggard, and Dr. PRIOE'S CHRONIO SPECIFIO is the best Alterative, Tonic, and Blood Purifier ever compounded. It is adapted to cure Scroftla, White Swelling, Inciplent Consumption, Female Diseases, Dyspepsia, General Debility. Rheumatism, Secondary Syphilis, Bore Eyes, and all Cutaneous Diseases, &c.

From Hon, J. R. Underwood. I have seen many of Dr. Price's patients afflicted with the Scrofula, both before and after they were healed. It is certain that ulcers of the most inveterate character seemed to yield readily to his Ohronic Specific. I have seen many certificates in possession of Dr. Price, bearingtestimony to his contraction.

fie. I have seen many continues in success. r. Price, bearing testimony to his entire success. Bowling Green, Ky. JOS. B. UNDERWOOD. From Rev. Wm. L. Breckinridge. A servant girl in my family was affileted with Scrofu-ous Sore Eyes. Notwithstanding she had medicaltreat nent, upon the whole she grew worse, until I feared hat she would become totally blind. Sha was placed that she would recome totally blind. She was placed under Dr. Price's treatment, and to all appearances a radical cure was performed. For several months past she has seemed to me, as she does now, to be perfectly free from any defect or soreness of the eyes, and to be in perfect health otherwise.

Louisville, Ky. WM. L. BRECKINRIDGE.

From Judge Asher Graham,

(Formerly a member of the Bench of the Court of Appeals).

I have seen some of Dr. Price's patients. They appeared to have been very much diseased, almost beyond I have seen support peared to have been very much diseased, almost beyout all hopes of recovery. They now seem to be perfectly selleved.

ASHER GRAHAM.

Bowling Green, Ky. From Judge Wm. V. Loving, (The American Candidate for Governor).

I have seen several of Dr. Price's patients; among thers, Mr. 8 H. Dickerson, of Mouroe co. At the thers, Mr. S. H. Dickerson, of Mouroe co. At the itime I saw him be was diseased from head to foot. The left side of his face sud neck was greatly enlarged and swollen. All of the left side of his neck, breast, and right shoulder were a mass of filthy diseases and run ning sores. As he would work his arms, the air would escape from deep slicers under his collar bones, cansing filthy matter and blood to habble out. The use of the probe had proved that some of these ulcers extended into the hollow of the body. Mr. Dickerson put himself under Dr. Price's treatment, who administered his Chronic specific, and, strangete tell, a permanent care was effected.

Be with Green, Kv.

From Dr. D. R. Haggard, (President of the Board of Internal Improvement). Within my own knowledge, Dr. Price, who nowresides in Louisville. has been signally successful in curing Secofula. Some of the worst cases that have occurred in Kentucky have been oured by the use of his Chronio Specific. When all hope had fied, he was applied to, and his treatment restored them to perfect health. Three of these cases were cured within a few miles of my realdence.

Burksville, Ky. ny residence. Burksville, Ky.

All persons who need Dr. Price's Chronic Specific and doubtitaefficacy, are referred to the distinguishe-centiemen who have certified to the efficacy of the remedy. Write, and your doubts will surely be dispelled.
